DETAILED ACTION

1. Claims 14, 15, and 17-23 were pending in the instant application at the time of the previous Office Action. By the latest amendment filed 12/22/2006, claims 14, 15, 19, and 21-23 are cancelled. Therefore claims 17, 18, and 20 remain pending and have been examined.

2. The Applicant raised the issue of the 35 USC 112 2nd paragraph rejections mentioned in the "Allowable Subject Matter" section of the previous Office Action, mailed 9/25/06, wherein claims 17, 18, and 20 were objected to as being dependent on a rejected base claim. The corrections mentioned were in regards to now cancelled claims 14 and 22. These issues were corrected in the amendment filed 6/8/2006 and no 112 2nd paragraph rejections are now outstanding.

Priority

3. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

4. Claims 17, 18, and 20 are allowed.

5. The following is an examiner's statement of reasons for allowance:

The closest prior art in the field, Kuroda, does not teach the combination of

As per claims 17 and 18, identification information that has a plurality of partial identification information,

As per claim 20, presentation target data that is scrambled or encoded to make the identification information a key before an error correction encoding is performed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
